OFFICE OF THE AUDITOR
CHAMPAIGN COUNTY, ILLINOIS

TO THE RESIDENTS OF CHAMPAIGN COUNTY:

The Champaign County Auditor's Office is proud to present its Popular Annual Financial Report (PAFR) for the thirteen months ended December 31, 2014. This report provides a user friendly summary of the county's revenue, expenditures and financial condition. The report also includes supplemental information on local economic conditions, awards and accomplishments by Champaign County government, as well as additional information to help citizens of Champaign County become engaged with their county government. My goal for this report is to communicate Champaign County's financial positions in a format that can be utilized by anyone with an interest in County government.

The information in this report is derived from Champaign County's Comprehensive Annual Financial Report (CAFR) for the thirteen months ended December 31, 2014. That highly detailed financial report, which was audited by CliftonLarsonAllen, LLP, received an unqualified (clean) opinion. The CAFR is prepared in conformity with Generally Accepted Accounting Principles (GAAP). The length and complexity of the CAFR (nearly 300 pages), makes it a challenging document to read and interpret. The financial schedules presented in the PAFR have been summarized from various financial statements in the CAFR. The December 31, 2014 CAFR can be located on the Champaign County Auditor's website (www.co.champaign.il.us/auditor) under the Annual Financial Statements link. Past PAFRs, CAFRs, Quarterly and Monthly reports are also available at that site.

The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to Champaign County for its Popular Annual Financial Report for the fiscal year ended November 30, 2013. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to standards of creativity, presentation, understandability and reader appeal.

An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

This report is for your use in understanding the operations of Champaign County government and is not intended to replace the CAFR. Please feel free to ask questions or share comments. We welcome suggestions for topics to address in future editions of the PAFR. You may contact the County Auditor's Office at 217-384-3763 or via email at auditor@co.champaign.il.us.

It is my honor to serve as your County Auditor. It is my goal to provide meaningful, timely, and useful reports, and as such, to promote education about county government affairs through transparency and accountability. It is my sincere desire that this report helps to accomplish that goal.

Respectfully,

JOHN FARNEY
CHAMPAIGN COUNTY AUDITOR

Executive Director/CEO

Profile of Champaign County, Illinois

Incorporated in 1833, Champaign County is located about 135 miles south of Chicago, at the crossroads of Interstates 57, 72, and 74 in the heart of East Central Illinois. The County is nearly 1,000 square miles in area, with a population of 204,897 (2014 estimate) who live in two cities, 24 incorporated villages, and on rural home sites.

The economic base of Champaign County is comprised largely of education, agriculture, and medicine. Champaign County is home to the University of Illinois, and enjoys the benefits of both urban and rural life, with abundant cultural and athletic events, ranging from performing arts and museums to Big Ten Sports. Champaign County is a regional medical center with two large clinic/hospital complexes. Over 90% of Champaign County's land is farmed. The principal crops are corn and soybeans.

The County operates under the County Board form of government. There are 22 County Board members, 2 from each of 11 districts. The board members elect a chairman for a two-year term from among the members. There is an appointed county administrator with the responsibility of service to the board. In addition to the County Board, the citizens of Champaign County elect an Auditor, Clerk of the Circuit Court, Coroner, County Clerk, Recorder of Deeds, Treasurer, Sheriff, State's Attorney and Regional Superintendent of Schools. The Regional Superintendent of Schools is a component unit of the State of Illinois, and as such, their financial information is not contained in this report.

Illinois law determines the functions and services of county government. The largest portion of the County's governmental expenditures are for the administration of justice and public safety, including the State's Attorney, Public Defender, Circuit Clerk, Circuit Court, Court Services (adult and juvenile probation and juvenile detention center), and the Sheriff's functions (road patrol and the county correctional center). Other functions mandated by state statute include the construction and maintenance of county highways and bridges, the maintenance of the property tax system, voter registration and the election system, vital records such as birth, marriage, and death certificates, and the recording of deeds and other real estate records.

The County also operates a nursing home, funded primarily by patient fees and Medicare/Medicaid reimbursements. Voters approved special property taxes in 1972 to fund mental health services, in 1995 to fund a Cooperative Extension Service, in 1996 to fund public health services for all county residents, in 2002 to fund social security and retirement contributions for Nursing Home employees, and in 2004 to fund services for the developmentally disabled.

The Champaign County Board created the Regional Planning Commission (RPC) in 1966 under state-enabling legislation allowing counties to create planning commissions for the welfare of County residents. Over the past decades, the RPC has expanded its scope beyond land use planning, and has been involved extensively in community development and economic development, distribution of federal community services block grant funds, housing programs, weatherization and energy assistance programs, job and police training, transportation planning, senior and social services. In 1994, RPC began the operation of the Champaign County Head Start pre-school program.

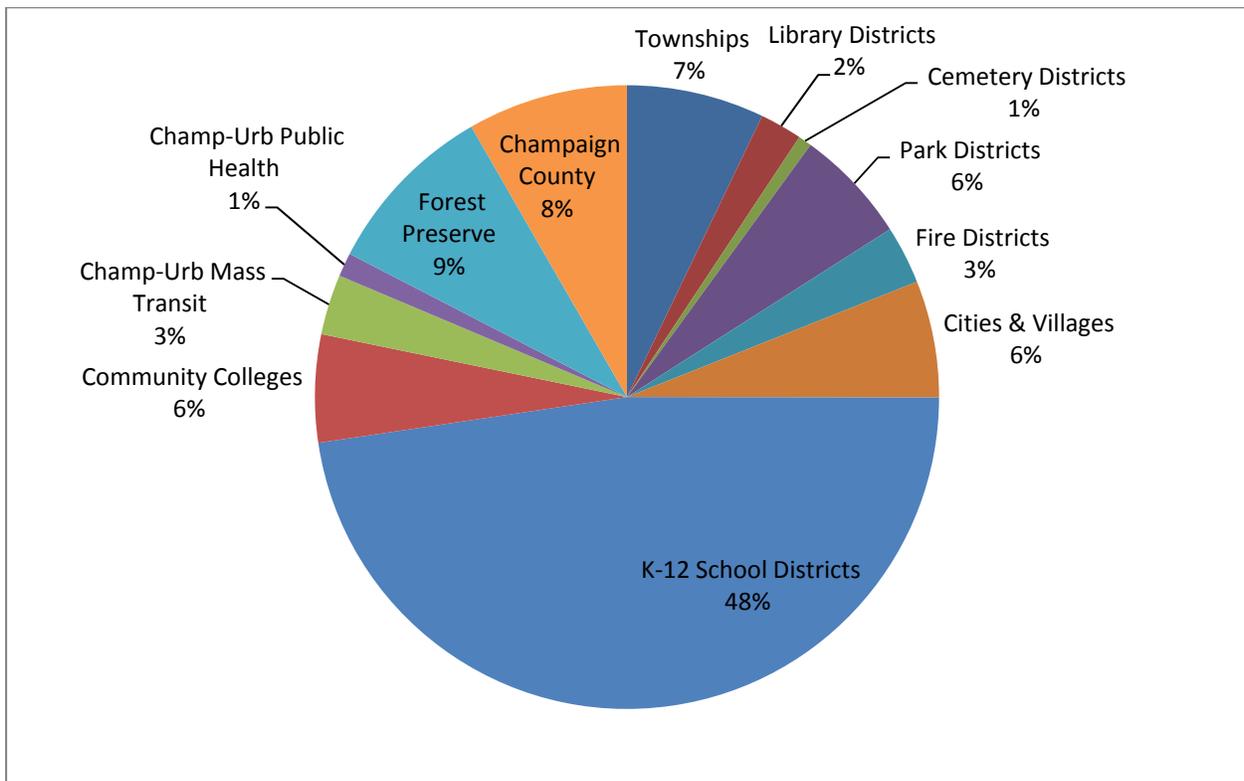

Champaign County has over 1,000 employees, and provides a wide variety of services to county residents. For more detailed information, please visit www.co.champaign.il.us.

Property Taxes – Where does your money go?

Where do your property tax dollars go? It's a great question that many citizens do not typically ask. The Champaign County Treasurer issues tax bills annually. The Treasurer also serves as County Collector and is responsible for collecting property tax payments. However, only a small portion of your property tax payment goes to pay for County services – only 8%. The vast majority of property taxes are remitted to other governments that serve the people of Champaign County – school districts, mass transit districts, public health districts and so on. There are 185 taxing districts that serve some portion of Champaign County. Depending on the location of a real estate parcel, property taxes for that parcel will be collected for a combination of separate taxing districts.

The following chart presents the breakdown by government type for an average Champaign County tax bill. The chart is for illustrative purposes only and is based on an average of all tax bills in Champaign County. As noted earlier, each real estate parcel pays property taxes to a varying combination of taxing districts, based on location. Actual amounts collected and distributed to individual districts may vary.

Property Taxes – Breakdown by Governmental Type

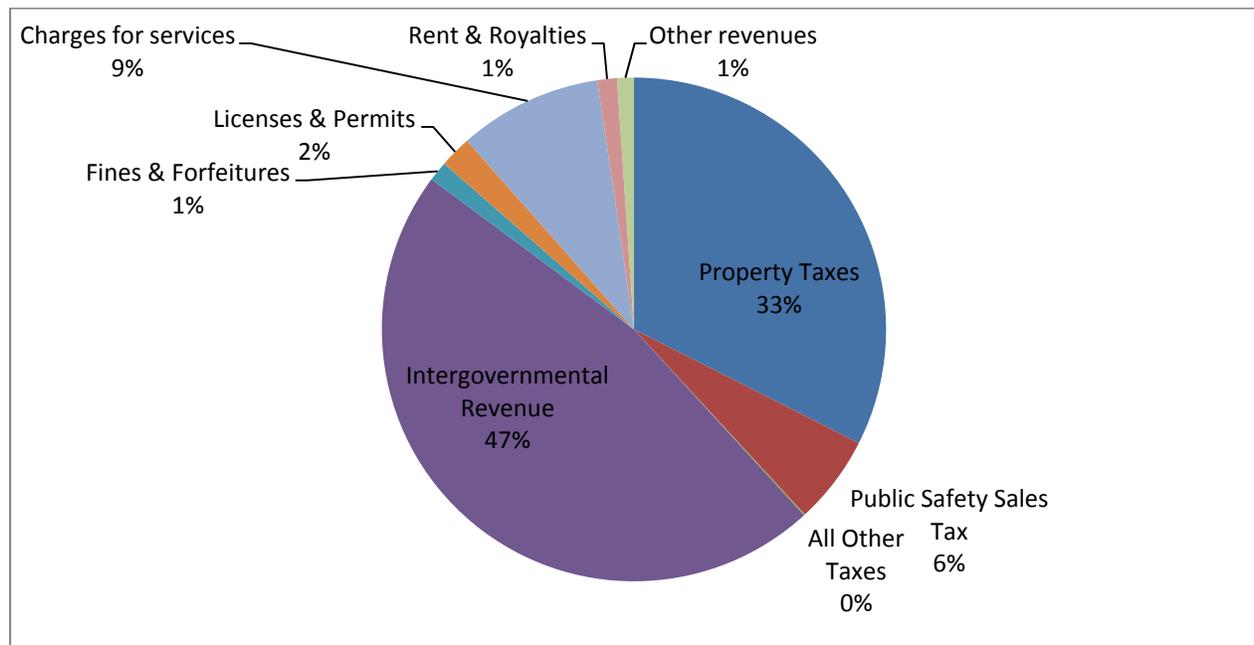

As shown in the chart above, the largest component of a typical tax bill in Champaign County goes to K-12 School Districts at 48%. In FY2013, the K-12 School District component of a tax bill averaged 52%.

This PAFR presents an overview of Champaign County's financial data only. The other governmental districts shown above are separate legal entities and operate independent of Champaign County. Please consult those district's financial reports for detailed information.

Revenues – Where does the money come from?

Champaign County receives its funding from a variety of sources, with intergovernmental revenue being the largest source of funding, due mainly to Federal and State Grant money, as well as the County's share of state collected sales taxes. Property taxes account for nearly one quarter of the County's yearly revenue. The charts below reflect Governmental Funds only.

	General Corporate	Other Funds	Total All Funds	% of Total
Revenues:				
Property Taxes	\$9,560,788	\$19,570,087	\$29,130,875	32.46%
Public Safety Sales Tax	0	5,101,042	5,101,042	5.68%
All Other Taxes	68,591	0	68,591	0.08%
Intergovernmental Revenue	15,855,778	26,281,516	42,137,294	46.95%
Fines & Forfeitures	1,102,460	36,284	1,138,744	1.27%
Licenses & Permits	1,476,050	361,120	1,837,170	2.05%
Charges for services	4,284,085	3,966,197	8,250,282	9.19%
Rent & Royalties	1,127,106	0	1,127,106	1.26%
Other revenues	374,291	591,506	965,797	1.08%
Total Revenues	\$33,849,149	\$55,907,752	\$89,756,901	100.00%

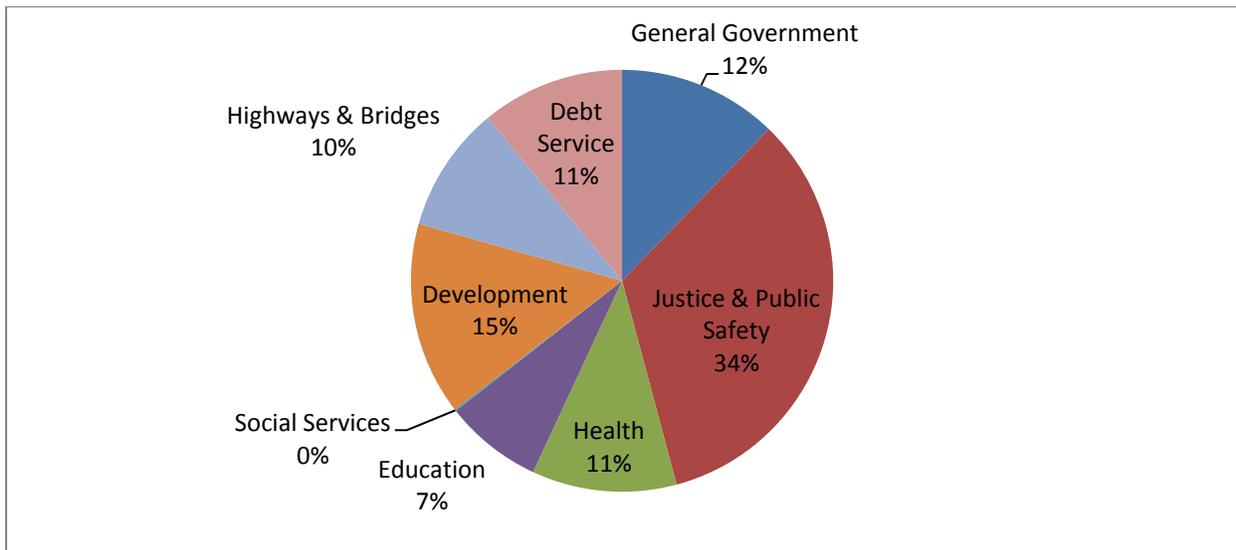

Property taxes represent a tax on all real estate within the County. The **Public Safety Sales Tax** is a ¼% sales tax enacted by Champaign County voters to fund public safety facilities and activities. **All other taxes** includes interest received on delinquent taxes, mobile home taxes, and county hotel/motel tax. **Intergovernmental revenue** includes sales taxes collected by the state, reimbursements and grant funds. **Charges for services** represents fees paid by individuals, businesses or other governments who use, purchase, or directly benefit from goods or services provided by the county. This also includes fees collected by the Circuit Clerk. **Fines and Forfeitures** include funds collected through the criminal justice system. Finally, **all other revenue** includes rent, interest, gifts/donations, and interfund transfers.

Expenditures – Where does the money go?

As was the case in Fiscal Year 2013, Champaign County’s largest expenditure among governmental activities during the thirteen months ended December 31, 2014 was on Justice and Public Safety, and expense of over \$32 million. Overall, expenses were up during due in part to the 13 month budget year adopted by the Champaign County Board in 2013. A similar increase in revenues, other than property taxes, also occurred.

	General Corporate	Other Funds	Total All Funds	% of Total
Expenditures:				
General Government	\$9,862,666	\$2,021,327	\$11,883,993	12.24%
Justice & Public Safety	24,558,495	8,045,938	32,604,433	33.59%
Health	0	10,766,176	10,766,176	11.09%
Education	0	7,279,568	7,279,568	7.50%
Social Services	109,796	0	109,796	0.11%
Development	393,491	13,995,351	14,388,842	14.82%
Highways & Bridges	0	9,391,169	9,391,169	9.67%
Debt Service	961,245	9,681,577	10,642,822	10.96%
Total Expenditures	\$35,885,693	\$61,181,106	\$97,066,799	100.00%

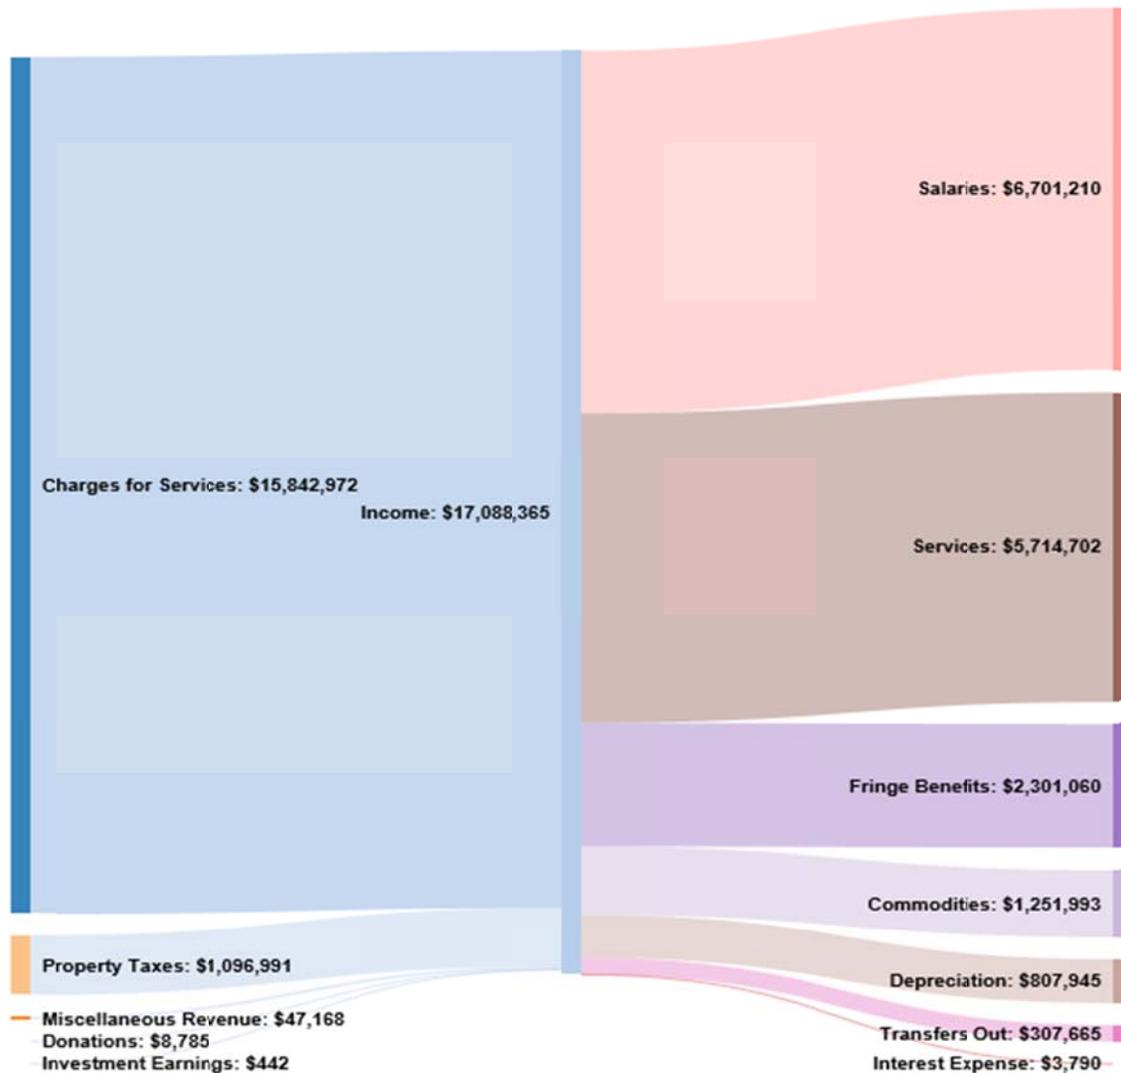

General Government expenditures include funds to operate administrative offices such as the Administrative Services Division, Auditor, County Clerk, Treasurer, and Recorder of Deeds. **Justice & Public Safety** includes funds to operate offices of the Sheriff, State’s Attorney, Coroner, Circuit Clerk, and Probation & Court Services. **Health** includes funds associated with the Mental Health & Developmental Disabilities Boards. **Development** includes funds associated with the Champaign County Regional Planning Commission. **Education** expenses are mainly related to the Head Start program, operated by the Regional Planning Commission. **Highways & Bridges** funds are entirely associated with the operation of the County Highway Department. **Debt service** expenditures include debt on public buildings.

Enterprise Fund – Champaign County Nursing Home

Champaign County maintains one enterprise fund for the Champaign County Nursing Home. Enterprise funds are created to account for County operations that are financed and operated in a manner similar to a private business. The vast majority, over 90%, of the revenues in the enterprise fund are charges for services provided to residents of the home. Champaign County also collects a property tax to assist with the operation of Champaign County Nursing Home. This accounts for approximately 6% of the fund's revenue.

A vast majority of the expenses attributed to the enterprise fund are personnel expenses, including salary and fringe benefits. Commodities include the cost of resident food (\$288,493) as well as supplies to help with the health and comfort of home residents. Services include licensing fees, contract nursing wages and fees paid to rehabilitation companies that work with individuals at Champaign County Nursing Home in addition to normal service related expenses (utilities, engineering, fleet maintenance). The Nursing Home has for several years experienced financial challenges, necessitating operating transfers and loans from the General Fund. During the 13 months ended December 31, 2014, the Home again experienced a negative change in net position (\$92,007).

The following diagram shows inflow and outflow for the Enterprise Fund (Actual GAAP Basis).

Statement of Net Position

Champaign County's Net Assets as of December 31, 2014			
	Governmental	Business Type	Total Primary
	Activities	Activities	Government
Current and other assets	\$74,257,654	\$6,925,817	\$81,183,471

Unrestricted (Deficit)	(7,842,951)	1,908,109	(5,934,842)
Total Net Position	68,783,357	21,219,509	90,002,866

Business Type activities is the Champaign County Nursing Home.

Current and other assets are assets that a company can reasonably expect to convert to cash, sell, or consume within one year. **Capital assets** are the County's long-term investments in infrastructure (buildings, highways, bridges) and other assets used by Champaign County to provide services to citizens. These assets are not available for future spending.

Current and other liabilities includes debt that can be paid off in one year or less. This debt includes accounts payable, accrued interest, claims payable and unearned revenue. **Long term liabilities** include outstanding bond debt and long term portions of post-employment benefits.

Net assets invested in capital assets, net of related debt, represents Champaign County's investments in capital assets less any related outstanding debt used to acquire those assets. Other sources are needed to repay the debt as capital assets themselves cannot be used to settle these liabilities.

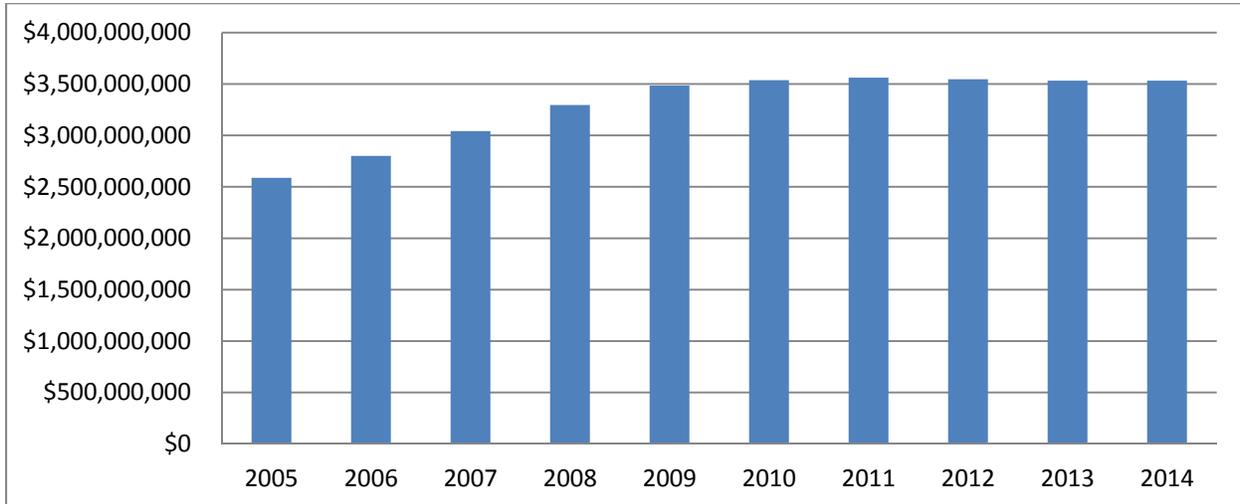

Restricted assets represents resources that are subject to external restrictions, for the reason listed in the statement above.

Unrestricted net assets represents the accessible resources to the County in order to provide services to the citizens of Champaign County if no additional revenue or resources were available.

Economic Outlook

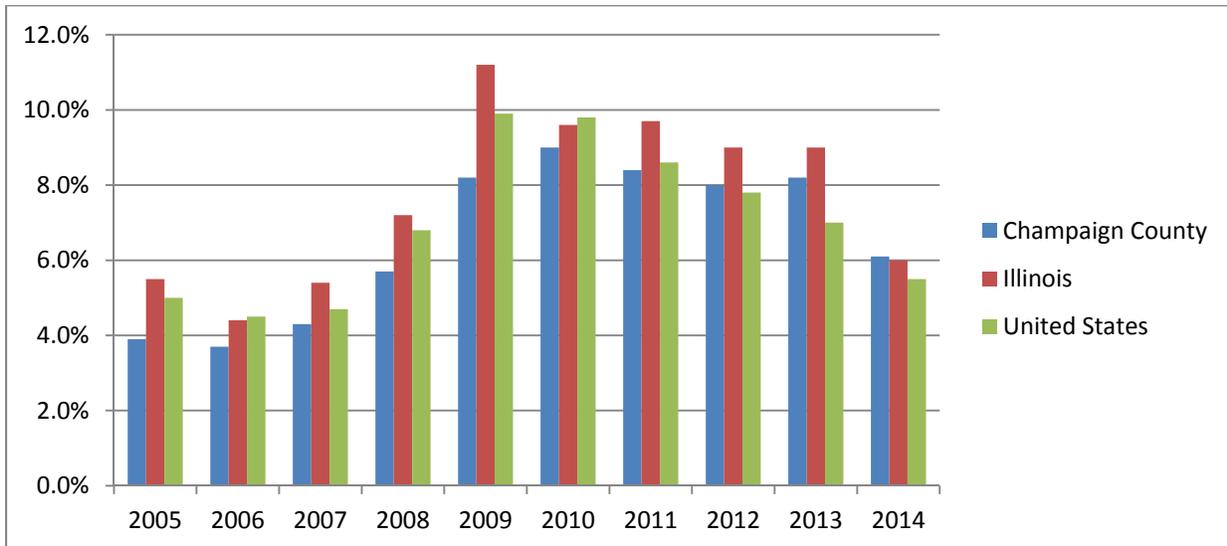

The economic base of Champaign County is comprised largely of education, farming, and medicine. Home to the University of Illinois, the County enjoys the benefits of both urban and rural life, with abundant cultural and athletic events ranging from performing arts and museums to Big Ten Sports. Champaign County is a regional medical center with two large clinic/hospital complexes. Nearly 90% of Champaign County's land is farmed. The principal crops are corn and soybeans.

ASSESSED PROPERTY VALUE

Assessed value of taxable property in Champaign County has seen a slight decline over the last three years, from a peak of \$3,561,497,476 in 2011 to today's value of \$3,332,086,251. Property in Champaign County is assessed at 33.3% of fair market value.

UNEMPLOYMENT RATE

Traditionally, Champaign County's Unemployment Rate has remained lower than state and national levels, thanks mostly to the employment stability offered by the University of Illinois. However, during the 13 months ended December 31, 2014, while Champaign County's rate dropped more than 2%, it remained slightly higher than state and national rates.

Champaign County Government Accomplishments

The Champaign County Auditor's Office handled over 100,000 accounting transactions for the 13 months ended December 31, 2014, an increase of over 2,500 transactions from the previous year. Additionally the office issued over 21,000 Accounts Payable checks, a record number of checks.

Champaign County, through its County Board Office, was presented with the Government Finance Officer's Association's Distinguished Budget Presentation Award for 2014.

The Champaign County Treasurer's Office, County Clerk's Office and Supervisor of Assessments Office, along with the County Information Technology Department worked diligently to once again have property tax bills issued by May 1, an accomplishment achieved by less than 10% of Illinois Counties.

In 2014, the Champaign County Treasurer issued 73,226 property tax bills.

The Champaign County Coroner's Office investigated 1,806 deaths in 2014, a record for that office. The office also conducted 151 autopsies and issued 854 cremation permits.

The Champaign County Recorder of Deeds Office recorded 24,229 documents in 2014.

The Champaign County Sheriff answered 22,628 calls for service in FY2014. The office issued 2,012 traffic citations, served 8,577 civil process papers, and booked 6,482 jail book-ins through the year.

During 2014, the Champaign County State's Attorney filed 1,824 felony cases and 1,376 misdemeanor cases.

Champaign County Animal Control registered 17,297 animals during 2014. The department also impounded 1,478 animals during the year.

The Champaign County Planning and Zoning Department processed 203 zoning use permit applications in 2014.

Champaign County Nursing Home had an annual daily census of 203 patients, an increase of 13 over the previous year.

During 2014, Champaign County received a Sunny Award from the Sunshine Review in recognition of having one of the most transparent government websites in the nation. Of the more than 7,000 websites reviewed by the organization, Champaign County ranked in the top 1 percent.
