

# How to search for Dentist

[www.deltadentalil.com/find-a-provider/dental/](http://www.deltadentalil.com/find-a-provider/dental/)

Enter zip code or city

Select state

Choose specialty (general dentist, oral surgeon, etc)

Select your Network

- Delta Dental PPO = Network Plan
- Delta Dental Premier = Network Plan

Select distance from results (10 miles, 20 miles, 50 miles, etc)

Dentists in the PPO or Premier Networks will populate. If your current dentist does not populate on the search and you do not want to change your dentist, consider enrolling in the Delta Dental non-network plan.
