

WEBVTT

00:00:18.587 --> 00:00:25.587

We are not quite ready to start the October 23rd, 2024

00:00:26.625 --> 00:00:30.625

Regular board meeting of the Champaign County Developmental Disabilities Board.

00:00:31.179 --> 00:00:33.179

We will start in just a couple minutes.

00:00:33.130 --> 00:00:36.130

And we do have a board member on the Zoom.

00:00:36.243 --> 00:00:39.243

So when we're ready we should

00:00:40.689 --> 00:00:41.689

vote her in too.

00:01:01.939 --> 00:01:05.939

Very excited. Are you excited about our fun project?

00:01:11.555 --> 00:01:19.555

Oh, yeah. Well, we have an expo in a couple days. Oh, the other other like saturday

00:01:20.559 --> 00:01:21.559

Oh.

00:01:22.628 --> 00:01:25.628

another other project oh my gosh we have

00:01:24.679 --> 00:01:30.679

We do have other projects I've been procrastinating. I get it.

00:01:32.872 --> 00:01:34.872

Good morning. Good morning. All right.

00:01:34.886 --> 00:01:39.886

We have depends on which clock I look at. I know. We're good and

00:01:40.058 --> 00:01:42.058

Once you got...

00:01:42.374 --> 00:01:45.374

And Stephanie's here. She can do roll call and all that.

00:01:45.563 --> 00:01:47.563

But once we've got...

00:01:46.702 --> 00:01:51.702

call to order and roll call for here we can vote Vicki in because she's on the Zoom.

00:01:51.638 --> 00:01:53.638
Oh, wonderful.

00:01:54.660 --> 00:01:57.660
Well, I'll call this meeting to order.

00:01:59.782 --> 00:02:04.782
Okay, will this meeting come to order and can we have the roll call, Kim?

00:02:04.651 --> 00:02:06.651
Or Stephanie.

00:02:06.644 --> 00:02:08.644
Who's doing the roll call?

00:02:08.648 --> 00:02:11.648
Okay. Susan Fowler.

00:02:08.657 --> 00:02:10.657
Stephanie.

00:02:09.236 --> 00:02:11.236
Stopping.

00:02:13.537 --> 00:02:15.537
Present.

00:02:14.596 --> 00:02:16.596
Kim Fisher.

00:02:18.339 --> 00:02:20.339
Georgiana Schuster.

00:02:20.276 --> 00:02:22.276
Present.

00:02:21.781 --> 00:02:23.781
Anne Robin.

00:02:23.032 --> 00:02:25.032
Sure.

00:02:24.331 --> 00:02:26.331
Vicki Niswander.

00:02:31.465 --> 00:02:34.465
Okay, I think Vicki Niswander is um

00:02:34.467 --> 00:02:36.467
here virtually.

00:02:36.976 --> 00:02:39.976

And what do we need to do to make it?

00:02:39.900 --> 00:02:41.900

Second, and then second.

00:02:40.869 --> 00:02:42.869

Okay.

00:02:42.118 --> 00:02:49.118

You can, someone can move to have Vicki participate so and then second and then discuss

00:02:48.936 --> 00:02:51.936

And then voice vote. All right.

00:02:51.932 --> 00:02:55.932

Well, I move that we allow Vicki to participate

00:02:56.372 --> 00:03:02.372

Virtually, is there a second? I will second that motion. Okay. Any comments?

00:03:03.694 --> 00:03:05.694

Well, all in favor?

00:03:06.566 --> 00:03:10.566

Aye. All right. Vicki, you're in. And thank you so much.

00:03:09.562 --> 00:03:11.562

All right.

00:03:11.561 --> 00:03:12.561

Joining us.

00:03:13.432 --> 00:03:16.432

No problem. Thank you for voting me in. I appreciate it.

00:03:16.946 --> 00:03:24.946

All right. Okay. I'm going to go to citizen input and public participation.

00:03:25.195 --> 00:03:32.195

Oh, we have to, oh gosh, we have to vote to approve the agenda. There's a little star there. I just skipped over that.

00:03:32.522 --> 00:03:34.522

Is there a motion to approve the agenda?

00:03:34.579 --> 00:03:37.579

I so move to approve the agenda.

00:03:37.891 --> 00:03:39.891

And I will second that motion.

00:03:39.714 --> 00:03:42.714
All right. All in favor?

00:03:42.950 --> 00:03:44.950
Aye. Aye. Aye.

00:03:43.796 --> 00:03:45.796
Hi.

00:03:46.446 --> 00:03:52.446
The agenda is approved. Okay, we've got the meeting schedule, the acronyms online. Thank you.

00:03:52.201 --> 00:03:58.201
And the citizen input public participation. Is there anyone that wants to come forward

00:03:58.148 --> 00:04:00.148
At this time.

00:04:00.967 --> 00:04:02.967
Anyone online?

00:04:08.923 --> 00:04:14.923
Okay, the next item is chairperson's comments. I am standing in for our chairperson,

00:04:15.047 --> 00:04:20.047
Vicki, and I hope Vicki is making a good recovery and thank you for joining us.

00:04:20.247 --> 00:04:27.247
This should be a fairly straightforward meeting, but one never knows.

00:04:27.060 --> 00:04:31.060
And thank everyone for being here. And thank you.

00:04:32.621 --> 00:04:34.621
Georgianne for being here.

00:04:34.930 --> 00:04:37.930
Filling in, we really, really appreciate it.

00:04:39.251 --> 00:04:41.251
Thank you for your service.

00:04:42.826 --> 00:04:44.826
Lynn?

00:04:45.332 --> 00:04:47.332
You know, I'm going to defer comments.

00:04:47.470 --> 00:04:51.470

I think it's - I've put plenty of comments into the packet.

00:04:50.773 --> 00:04:56.773

Is that okay? You put some good comments into the packet and you also send us good things

00:04:57.087 --> 00:04:59.087

In between meetings

00:04:59.031 --> 00:05:02.031

for our perusal and thought.

00:05:01.837 --> 00:05:05.837

Next item is approval of the

00:05:06.274 --> 00:05:08.274

Board meeting minutes.

00:05:10.185 --> 00:05:14.185

I move to approve the board minutes for

00:05:13.614 --> 00:05:16.614

the 9-18-24

00:05:16.944 --> 00:05:21.944

DD board meeting and then also the 9-25

00:05:21.620 --> 00:05:26.620

study session, which included the mental health board along with the DD board.

00:05:29.632 --> 00:05:30.632

I will second that motion.

00:05:30.696 --> 00:05:32.696

Okay. All in favor?

00:05:32.993 --> 00:05:34.993

Aye. Aye.

00:05:34.606 --> 00:05:36.606

Aye.

00:05:37.178 --> 00:05:44.178

And the next item is the vendor invoice list, pages 9 to 13. Can I have a motion to approve

00:05:45.615 --> 00:05:48.615

The vendor invoice list as printed?

00:05:50.627 --> 00:05:54.627

I'll make that motion to approve the vendor invoice list

00:05:54.652 --> 00:05:57.652

as printed, I will second.

00:05:57.721 --> 00:06:01.721
as printed. Any questions or comments?

00:06:06.460 --> 00:06:08.460
Okay, all in favor?

00:06:09.655 --> 00:06:12.655
Aye. Aye. All right.

00:06:10.184 --> 00:06:12.184
Aye.

00:06:12.963 --> 00:06:16.963
Any opposed? I heard all the voices, so I think we're all good.

00:06:17.351 --> 00:06:21.351
Next items are staff reports. As

00:06:20.988 --> 00:06:23.988
Usual, the staff reports are

00:06:23.613 --> 00:06:28.613
thorough and very interesting reading and thank you

00:06:29.288 --> 00:06:37.288
to the staff, I don't know how you have time to do all of those things
and record all of them. I would have difficulty myself.

00:06:37.483 --> 00:06:44.483
But thank you for keeping us informed as to what you are doing and what's
going on in the community.

00:06:48.191 --> 00:06:50.191
Any comments about staff reports?

00:06:51.175 --> 00:06:53.175
New business.

00:06:54.381 --> 00:07:00.381
Item A is summaries of the PY2024 IDD program results

00:06:59.779 --> 00:07:07.779
Pages 29 to 44. This is an information only. Are there any comments or
questions?

00:07:17.795 --> 00:07:19.795
Yes.

00:07:19.942 --> 00:07:22.942
I found the microphone.

00:07:24.252 --> 00:07:35.252

I had so many questions after I read the report, and I'm not going to ask them here, but I've had a side conversation with Lynn, and I think she's had one with Kim.

00:07:35.328 --> 00:07:37.328
that um

00:07:36.910 --> 00:07:41.910
there's the potential to have, at least in some selected cases.

00:07:42.171 --> 00:07:44.171
some interesting data over time.

00:07:43.555 --> 00:07:47.555
Since this is collected every year and

00:07:48.058 --> 00:07:53.058
And we've talked about this before, but it's not always clear

00:07:53.859 --> 00:07:55.859
what the percentages mean

00:07:56.365 --> 00:07:58.365
Versus what the numbers mean.

00:07:59.544 --> 00:08:01.544
So, you know, if 165

00:08:02.037 --> 00:08:07.037
targets are served over 165, that's clearly 100%.

00:08:07.307 --> 00:08:14.307
And that's great. But sometimes percentages are used and it's just really hard to determine what it relates back to.

00:08:13.799 --> 00:08:21.799
And so not to add any work to the staff right now, I think just thinking in the future about

00:08:21.729 --> 00:08:25.729
Are there a couple of indices that we want to look at more carefully?

00:08:26.116 --> 00:08:28.116
might make it worth

00:08:28.478 --> 00:08:32.478
pursuing it a little bit more intentionally, but not across the board.

00:08:32.740 --> 00:08:34.740
Not across the board. Thank you.

00:08:35.178 --> 00:08:38.178
Thank you for your comments, Susan.

00:08:38.172 --> 00:08:42.172

I agree. And, you know, having done this for

00:08:41.785 --> 00:08:45.785

a number of years now, I would say that the reports are

00:08:45.985 --> 00:08:50.985

way more readable, user-friendly, informative

00:08:51.366 --> 00:08:53.366

reflect reality

00:08:53.251 --> 00:08:56.251

on the ground than they used to be.

00:08:56.332 --> 00:09:02.332

And the whole purpose of a report is for the public and for us as a board to understand what's

00:09:01.991 --> 00:09:08.991

what's really going on. So increasing clarity is certainly a goal. And I just want to convey

00:09:09.123 --> 00:09:17.123

commend people, both the agencies and the staff, for making it as user friendly as you have

00:09:17.247 --> 00:09:25.247

up to date and probably people will be open to further suggestions to make it even more understandable.

00:09:25.866 --> 00:09:27.866

Thank you.

00:09:29.179 --> 00:09:31.179

Any other comments about that?

00:09:34.501 --> 00:09:36.501

Of course.

00:09:36.618 --> 00:09:38.618

No, no.

00:09:39.320 --> 00:09:41.320

So, oh.

00:09:40.876 --> 00:09:43.876

So one thing I think that

00:09:44.491 --> 00:09:47.491

sort of confusing on its face is this is a report that we

00:09:47.126 --> 00:09:51.126

traditionally bring to you in October that

00:09:51.518 --> 00:09:54.518

only shows the utilization targets, which are

00:09:53.966 --> 00:09:58.966

numbers of treatment plan clients, non-treatment plan clients,

00:09:58.983 --> 00:10:04.983

service contacts and community service events and hours.

00:10:05.413 --> 00:10:09.413

Because the agencies also report hours for almost all of the programs.

00:10:08.868 --> 00:10:13.868

So those are just straight numbers and then you can compare with what the

00:10:14.313 --> 00:10:16.313

Targets were at the beginning of the year, but

00:10:16.318 --> 00:10:18.318

that agencies also

00:10:18.313 --> 00:10:20.313

Provide...

00:10:19.764 --> 00:10:29.764

a lot of detail about each of the outcomes and they only provided at the end of the year. They're giving us a look back. There are some comments

00:10:30.087 --> 00:10:36.087

About what went well and what didn't go well. Like it's really fascinating reading, but there's not

00:10:35.897 --> 00:10:39.897

a lot of space in the board packet for it, and there's not a lot of time so

00:10:39.652 --> 00:10:44.652

It is posted in a couple places. I've got it linked here. I'm going to try to

00:10:45.418 --> 00:10:48.418

open it on the screen so you can see.

00:10:47.612 --> 00:10:50.612

It's a very long document.

00:10:51.047 --> 00:10:53.047

131 pages.

00:10:53.485 --> 00:10:57.485

But it's super interesting. And they talk about the outcomes, which are different from

00:10:56.791 --> 00:11:04.791
those, you know, how many people were served. It's more the percentages are used in the outcomes because

00:11:05.352 --> 00:11:07.352
They're looking for success.

00:11:07.178 --> 00:11:11.178
And so it'll be like 80% of people scored

00:11:11.199 --> 00:11:14.199
you know, showed improved scores

00:11:14.196 --> 00:11:17.196
Post-test and pre-test. And they do a lot of work on those

00:11:17.012 --> 00:11:26.012
throughout the year. So this document is really fascinating. It's posted publicly. We learn a lot from it. I thought, oh my goodness, what if we just could

00:11:25.818 --> 00:11:29.818
summarize a few things from there and add them

00:11:29.823 --> 00:11:34.823
to the utilization report that we've been giving you, which made it a lot longer it was.

00:11:35.386 --> 00:11:41.386
I must say it's really hard to summarize because I worry that we're losing the impact when we summarize.

00:11:41.272 --> 00:11:53.272
So this was just an experiment. And if it wasn't as helpful, we can look at other ways to do this. But what I learned from Dr. Fowler and what Kim and I have been working on

00:11:53.066 --> 00:12:00.066
the last couple of days is that a longitudinal look in, you know, whether it's outcomes or utilization or both

00:11:59.706 --> 00:12:03.706
could be super interesting and we can do it because we have the data

00:12:04.453 --> 00:12:06.453
So anyway, it was

00:12:06.761 --> 00:12:16.761
I thought it was worth a try, but I just always want to appreciate the agency's hard work on these outcome reports because we really do like them, but we don't make much of them yet.

00:12:19.391 --> 00:12:22.391
Of course. So...

00:12:22.636 --> 00:12:28.636

Lynn very kindly sent me the 130-page document when I raised a few questions.

00:12:28.770 --> 00:12:34.770

Plus, she responded in at least a two-page email. And I thought, I was just curious.

00:12:35.583 --> 00:12:40.583

But this is what I love about the staff and the potential of the agency reports.

00:12:40.765 --> 00:12:42.765

So I had in mind more like

00:12:43.389 --> 00:12:55.389

Perhaps we could get a graduate student who would like to play with the data rather than the staff who are already spread thin. And they were more curiosity questions. But, you know, some of them are

00:12:55.065 --> 00:13:02.065

may be worth pursuing if we have concerns or questions or really want to highlight phenomenal successes.

00:13:02.208 --> 00:13:04.208

You know, really great success stories.

00:13:04.211 --> 00:13:21.211

So I just can't tell you how overwhelmed I was. And not only did I get the report for the current year, but also back to 2007, I think, 2014, something. Really way back. You got every year that we've published it.

00:13:22.403 --> 00:13:26.403

Because, I mean, some of them are 400 pages. They're really...

00:13:25.712 --> 00:13:32.712

A lot, but this is really goes to the heart of what this money is doing in the community so

00:13:33.469 --> 00:13:37.469

Yeah, I don't want to oversell it, but I think there's really good material in there.

00:13:40.102 --> 00:13:42.102

Thank you for those comments.

00:13:42.294 --> 00:13:44.294

Any other discussion on this?

00:13:43.857 --> 00:13:49.857

on these reports. Could I add one comment? Yes, of course. I think just to simplify the

00:13:49.728 --> 00:13:52.728
the utilization data is outputs

00:13:53.614 --> 00:14:06.614
And then we added the outcomes. So just to simplify it a little bit,
those utilization, those are outputs. So it's really easy to just look at
that and know those are straight numbers of people served. And then the
outcomes go more in depth of

00:14:07.131 --> 00:14:11.131
what people are actually doing and how successful they're being with the
fund.

00:14:11.740 --> 00:14:13.740
Yes.

00:14:18.387 --> 00:14:21.387
Okay, so the next item is the

00:14:21.095 --> 00:14:25.095
approval of the executive director contract

00:14:25.529 --> 00:14:28.529
And Lynn and I talked yesterday.

00:14:28.297 --> 00:14:33.297
Neither one of us are sure what the legal protocol is

00:14:33.672 --> 00:14:36.672
Well, I'm not sure. She may be sure. I think

00:14:37.441 --> 00:14:46.441
She does not have to leave the room, but she wanted to leave the room.
This is still a public meeting. She can go online and listen to
everything that we have to say.

00:14:47.247 --> 00:14:49.247
Just remember that.

00:14:48.806 --> 00:14:57.806
So the contract has been negotiated. It starts January 1 of 2025 and goes
through

00:14:58.323 --> 00:15:03.323
December 31 of 2026. So it is a two-year

00:15:03.326 --> 00:15:05.326
contract um

00:15:06.444 --> 00:15:13.444
she had an evaluation. The presidents of both boards signed off on the
evaluation.

00:15:13.253 --> 00:15:16.253

It was a very good evaluation.

00:15:16.440 --> 00:15:19.440

And we just have to vote

00:15:18.849 --> 00:15:21.849

on approving her contract.

00:15:22.032 --> 00:15:25.032

And I do not have a copy of the contract

00:15:25.471 --> 00:15:27.471

In here.

00:15:27.473 --> 00:15:29.473

So can I have a motion?

00:15:30.983 --> 00:15:32.983

I...

00:15:31.543 --> 00:15:33.543

I would move to approve it. This is Vicki.

00:15:34.166 --> 00:15:36.166

Oh, yeah. Thank you, Vicki.

00:15:36.040 --> 00:15:42.040

Second, I will second that motion to approve. Okay.

00:15:42.471 --> 00:15:46.471

All right, we have a motion and second to any discussion.

00:15:48.681 --> 00:15:51.681

keep our hands on her.

00:15:52.188 --> 00:15:54.188

Lose her.

00:15:56.447 --> 00:16:01.447

Okay, I think this is just a voice vote. All in favor.

00:16:02.178 --> 00:16:04.178

Aye.

00:16:02.272 --> 00:16:04.272

Aye. Aye.

00:16:04.316 --> 00:16:07.316

I, any opposed?

00:16:08.937 --> 00:16:10.937

Any abstentions?

00:16:11.288 --> 00:16:14.288

Okay, the motion is approved.

00:16:14.709 --> 00:16:19.709

We need Lynn back. Somebody want to give her a shout back there?

00:16:31.172 --> 00:16:33.172

Lynn.

00:16:32.897 --> 00:16:35.897

You're employed for the next two years.

00:16:38.591 --> 00:16:39.591

No, thank you.

00:16:41.618 --> 00:16:48.618

Okay, well, we've accomplished a major item there. And the next item is

00:16:48.730 --> 00:16:53.730

A decision memorandum requesting approval for the revised draft

00:16:55.278 --> 00:17:01.278

2025 CCDDDB and IDD Special Initiative Fund Budgets.

00:17:02.361 --> 00:17:04.361

Additional information is included.

00:17:03.747 --> 00:17:07.747

And we are looking at pages 45

00:17:07.947 --> 00:17:09.947

To 53.

00:17:11.086 --> 00:17:13.086

So I need a motion first.

00:17:14.071 --> 00:17:17.071

I'll make the motion to approve

00:17:17.331 --> 00:17:19.331

I guess I'll read it here.

00:17:19.629 --> 00:17:22.629

to approve the attached, revised draft

00:17:22.766 --> 00:17:25.766

2025 CCDDDB budget

00:17:26.024 --> 00:17:32.024

with anticipated revenues and expenditures of 5,518,336,

00:17:31.967 --> 00:17:33.967

\$.

00:17:34.820 --> 00:17:36.820

Is there a second?

00:17:37.950 --> 00:17:40.950
Okay, thank you, Susan. Okay, comments.

00:17:42.388 --> 00:17:44.388
For questions.

00:17:44.956 --> 00:17:46.956
Anne? Yes.

00:17:47.270 --> 00:17:49.270
I just want to say that

00:17:49.836 --> 00:17:52.836
I was on the board many years ago for mental health.

00:17:52.849 --> 00:17:57.849
And I am so impressed by how

00:17:57.661 --> 00:18:00.661
the DD board budget

00:18:01.520 --> 00:18:06.520
has grown over time. And I looked through here and saw that there were
only

00:18:06.551 --> 00:18:12.551
I think two years where it went down a tiny bit, but not significantly.

00:18:12.170 --> 00:18:16.170
Otherwise, as Lynn pointed out in the discussion,

00:18:16.187 --> 00:18:18.187
Due to the economy.

00:18:18.421 --> 00:18:20.421
it's it's continued to be

00:18:20.478 --> 00:18:22.478
high and positive.

00:18:22.356 --> 00:18:25.356
And that is really exciting.

00:18:26.489 --> 00:18:28.489
And now we wait to see what happens.

00:18:28.784 --> 00:18:31.784
But I think that

00:18:32.296 --> 00:18:34.296
I think we should be

00:18:34.478 --> 00:18:38.478

very pleased with the county for the support that we have through

00:18:38.116 --> 00:18:41.116

the different taxes and

00:18:41.871 --> 00:18:43.871

levies for the board.

00:18:45.926 --> 00:18:50.926

And I would make the comment once again, I always look at the numbers.

00:18:50.943 --> 00:18:52.943

but um our

00:18:53.004 --> 00:18:55.004

our budgeted

00:18:55.081 --> 00:19:00.081

contributions and grants for next year

00:19:00.345 --> 00:19:03.345

are 91.8%.

00:19:04.208 --> 00:19:07.208

of our total revenue, which is

00:19:07.773 --> 00:19:10.773

That's 92%. That's excellent.

00:19:12.737 --> 00:19:22.737

Thank you for that comment. I actually had underlined that number myself because I don't know any other board that could probably make that

00:19:23.108 --> 00:19:32.108

that comment. I mean, obviously we do have to have operating costs and staff has to be paid, but this is really phenomenal and

00:19:31.604 --> 00:19:35.604

This money that's going out there to serve the community.

00:19:38.173 --> 00:19:41.173

Okay, we have a motion on the floor. Any more comments?

00:19:43.791 --> 00:19:47.791

And I think, do we need a voice vote for this?

00:19:48.167 --> 00:19:50.167

Stephanie, or just a roll call vote?

00:19:49.788 --> 00:19:51.788

We need a roll call.

00:19:50.673 --> 00:19:53.673

Okay, would you please do the roll call?

00:19:53.548 --> 00:19:55.548

Sure. Susan Fowler.

00:19:56.387 --> 00:19:58.387

Aye.

00:19:57.692 --> 00:19:59.692

Georgiana schuster.

00:19:59.516 --> 00:20:01.516

Yes.

00:20:00.698 --> 00:20:02.698

Anne Robin.

00:20:01.891 --> 00:20:03.891

Yes.

00:20:03.255 --> 00:20:05.255

Vicki Niswander.

00:20:04.697 --> 00:20:06.697

Yes.

00:20:09.149 --> 00:20:12.149

Okay, that's everybody present.

00:20:12.498 --> 00:20:14.498

so the

00:20:13.771 --> 00:20:16.771

resolution passes.

00:20:17.283 --> 00:20:19.283

And the next one is

00:20:20.332 --> 00:20:24.332

who would like to read it? Susan, you want to read the next one?

00:20:28.062 --> 00:20:30.062

Page 46. Got it.

00:20:30.220 --> 00:20:38.220

Motion to approve the attached revised draft 2025 IDD Special Initiatives Fund Budget

00:20:38.318 --> 00:20:43.318

With anticipated expenses of \$239,063,

00:20:44.099 --> 00:20:51.099

with equal revenues, including transfer of \$233,063

00:20:50.871 --> 00:20:58.871
from fund balance. Use of this fund is consistent with the terms of the Intergovernmental agreement between the CCDDDB

00:20:58.875 --> 00:21:00.875
and the CCMHB.

00:21:01.639 --> 00:21:03.639
And full approval is contingent on

00:21:03.956 --> 00:21:05.956
CCMHB action.

00:21:10.387 --> 00:21:14.387
I moved. You move. Is there a second?

00:21:15.142 --> 00:21:17.142
I will second that motion. Okay.

00:21:17.077 --> 00:21:20.077
Is there a discussion about this?

00:21:21.147 --> 00:21:24.147
Do we need clarification of what this means?

00:21:27.832 --> 00:21:32.832
Susan? Yeah. Is this the money that's left from the sale of the CILAs?

00:21:33.360 --> 00:21:37.360
And we are just gradually attempting to spend down

00:21:36.849 --> 00:21:43.849
for special initiatives, the sale of the CILA or the profits from that? Okay, that's what I thought. I just wanted to make sure.

00:21:45.361 --> 00:21:48.361
Yeah, that was the clarification I was looking for.

00:21:48.860 --> 00:21:50.860
Yes, absolutely.

00:21:51.674 --> 00:21:55.674
This is in the last few years, you haven't had to do - to

00:21:56.107 --> 00:21:59.107
approve any revisions to this one because it's

00:21:58.999 --> 00:22:01.999
so simple and we got it right the first time and then

00:22:02.255 --> 00:22:04.255
If the revenues changed, the change

00:22:04.125 --> 00:22:09.125

would impact the DDB and mental health board budgets, but not this one.
This

00:22:08.821 --> 00:22:16.821

One surprised me and the changes that are anticipated - interest income is going down.

00:22:17.511 --> 00:22:20.511

And when I talked to the budget director he was,

00:22:19.569 --> 00:22:24.569

you know, pretty sure that the estimate we had in there was way too high.

00:22:25.511 --> 00:22:27.511

It means not only

00:22:28.106 --> 00:22:31.106

that you'll have lower investment interests, but to make the

00:22:31.475 --> 00:22:37.475

commitment of expenditures, we need to transfer a little bit more of the fund balance to compensate so

00:22:37.367 --> 00:22:43.367

Really simple changes, but they caught me by surprise. But of course, interest income is going to go down.

00:22:43.815 --> 00:22:45.815

So anyway.

00:22:49.127 --> 00:22:52.127

Any further discussion of this?

00:22:51.989 --> 00:22:53.989

item.

00:22:55.128 --> 00:22:57.128

Okay, I think we need a roll call vote.

00:22:57.501 --> 00:22:59.501

Georgiana Schuster.

00:22:59.307 --> 00:23:01.307

Yes.

00:23:00.051 --> 00:23:02.051

Susan Fowler.

00:23:01.812 --> 00:23:03.812

Yes.

00:23:02.691 --> 00:23:04.691

Anne Robin.

00:23:03.808 --> 00:23:05.808
Yes.

00:23:04.864 --> 00:23:06.864
Vicki Niswander.

00:23:06.277 --> 00:23:08.277
Yes.

00:23:08.255 --> 00:23:10.255
Okay, the motion passes.

00:23:12.453 --> 00:23:15.453
And moving along.

00:23:16.385 --> 00:23:20.385
We've got a Engage Illinois information

00:23:24.627 --> 00:23:28.627
piece pages 44 to or 54 to 56.

00:23:29.943 --> 00:23:32.943
Anyone want to make a comment about this?

00:23:33.131 --> 00:23:35.131
Lynn?

00:23:34.597 --> 00:23:38.597
Somebody making a comment this might be i'm

00:23:39.461 --> 00:23:45.461
Mrs. Nicewander, I don't know if you want to talk about the project generally. I put this in here, even though it's past the date.

00:23:44.655 --> 00:23:49.655
But it was a call for input

00:23:49.855 --> 00:23:53.855
For Engage Illinois to speak to the governor so

00:23:54.033 --> 00:23:56.033
This was...

00:23:57.475 --> 00:23:59.475
I don't know. I thought it was kind of informative anyway

00:24:00.422 --> 00:24:03.422
And it also shows what they've been up to but

00:24:03.183 --> 00:24:16.183
You might know more about what they've been up to also in addition to that. It's hard that they're busy, it's family members, so they're not, you know, just like jumping to send us a report, which is a-okay.

00:24:15.999 --> 00:24:23.999

I wasn't involved in the development of this letter other than they contacted me and said, do you have any

00:24:25.460 --> 00:24:35.460

input any feedback on what we've written and originally what they had in here was a lot of language about relying on the ICAP

00:24:33.895 --> 00:24:41.895

to determine needs for people. And I replied and said, I think the ICAP number one is way outdated.

00:24:42.094 --> 00:24:50.094

And should not be relied upon for anything, you know, any future initiatives. And so they did remove that language.

00:24:49.835 --> 00:25:00.835

But other than that, it was not at a very opportune time for me to review. So that's as far as my input went on it.

00:25:04.147 --> 00:25:06.147

Thank you for that.

00:25:07.278 --> 00:25:10.278

Any other comments about this?

00:25:10.798 --> 00:25:12.798

Information?

00:25:14.592 --> 00:25:23.592

Okay, I'm going to move on to the evaluation capacity building project update. Do we have someone from the evaluation team that is going to speak with us?

00:25:27.866 --> 00:25:42.866

Good morning, everyone. I'm Jacinda Dariotis. I direct the Family Resiliency Center and I'm PI on the evaluation. We're happy to report that we have been continuing with our technical assistance with three of the different programs, and that's been going really, really well.

00:25:43.365 --> 00:25:50.365

Ranging from helping to identify and develop new survey instruments for outcomes, logic models, and so forth.

00:25:51.772 --> 00:25:54.772

And speaking to the difference between outputs and outcomes.

00:25:55.385 --> 00:26:00.385

We are hosting a virtual workshop with the agencies on November 21st.

00:26:00.203 --> 00:26:06.203

at 1030 and we're going through the existing repository of measures and

00:26:06.397 --> 00:26:15.397

going through how to utilize it, how to improve it, and also talking about best practices in selecting and developing outcome measures.

00:26:14.850 --> 00:26:21.850

So it's virtual because the repository is virtual, and we want to see how useful and utilized it currently is.

00:26:22.541 --> 00:26:26.541

And what we can be doing to improve it so that it's useful for all of the agencies.

00:26:26.928 --> 00:26:38.928

So we've reached out to all of the agencies and have asked them to participate in this virtual workshop and also anyone that they know of who would benefit from it is welcome to join as well. So we're very excited about that.

00:26:38.688 --> 00:26:49.688

And we have a micro learning that's going to be launched right before that, which is going to be a little bit of homework, but they're very, very short videos to prime about outcomes and outputs.

00:26:50.298 --> 00:26:54.298

That's what we've been busy, hard at work doing as of late.

00:26:55.702 --> 00:27:00.702

Can you put the information about that virtual meeting

00:27:01.341 --> 00:27:06.341

in a form that Lynn can send it out to the board if there's anybody on the board that's interested in

00:27:06.292 --> 00:27:08.292

participating?

00:27:08.849 --> 00:27:10.849

All right. Thank you.

00:27:10.734 --> 00:27:14.734

You're welcome to come and learn about outcomes. That'd be fabulous. Great.

00:27:15.787 --> 00:27:17.787

Thank you.

00:27:21.320 --> 00:27:23.320

Thank you.

00:27:24.887 --> 00:27:27.887

Well, that sounds like an interesting um

00:27:29.070 --> 00:27:32.070

program for somebody that has time to do it.

00:27:33.530 --> 00:27:37.530

Okay, we want to hear about the Disability Resource Expo update.

00:27:37.935 --> 00:27:42.935

I believe the expo is this Saturday.

00:27:43.498 --> 00:27:46.498

So coming right up, everything should be ready.

00:27:46.935 --> 00:27:48.935

Who's going to speak about it?

00:27:48.568 --> 00:27:51.568

Everything

00:27:52.051 --> 00:28:02.051

should be ready, but we're doing a lot of preparation still. So everything will be ready. Let's say that. Yeah, the expo is Saturday at Marketplace Mall.

00:28:01.992 --> 00:28:03.992

From 11 to 4.

00:28:03.865 --> 00:28:10.865

I know that we still need a few volunteers for the later afternoon sessions.

00:28:10.692 --> 00:28:16.692

I believe the afternoon session for greeters, we may need a couple and then the teardown

00:28:17.455 --> 00:28:21.455

And dropping stuff back off at the storage facility so we can make sure to

00:28:21.079 --> 00:28:24.079

send the volunteer link

00:28:23.766 --> 00:28:26.766

Later this morning.

00:28:27.723 --> 00:28:34.723

They are doing something new this year. They're doing an exhibitor meet and greet. So I think that starts at

00:28:35.276 --> 00:28:39.276

1030, Becca, what is it?

00:28:43.469 --> 00:28:49.469

It's before the expo. We're not sure exactly what time that starts, but...

00:28:48.710 --> 00:28:51.710

some of the feedback they got last year was

00:28:52.407 --> 00:28:55.407
that exhibitors wanted the opportunity to

00:28:56.217 --> 00:28:58.217
speak with other exhibitors.

00:28:57.713 --> 00:29:00.713
So they are doing a little...

00:29:01.403 --> 00:29:08.403
juice and maybe some snacks. I think in the food court area to give the exhibitors that opportunity to connect.

00:29:08.148 --> 00:29:22.148
I can't think of anything else that's that's like, it's a very, it's moving. It's constantly moving. So Saturday at four, I'll be exhausted and I'll sleep until Monday. So.

00:29:29.212 --> 00:29:40.212
There might be folks online to speak to it too. I know Vicki Niswander and Shandra Summerville may have something to add. We also have the volunteer coordinator is here, right?

00:29:39.900 --> 00:29:44.900
So, or - Shandra and Becca are the volunteer coordinators

00:29:45.676 --> 00:29:47.676
I don't know if you guys want to add anything.

00:29:48.362 --> 00:29:50.362
I would be happy to just...

00:29:51.538 --> 00:29:55.538
to refresh the memories of folks who are listening today that

00:29:54.728 --> 00:29:58.728
Allison and uh

00:30:04.259 --> 00:30:06.259
Dylan

00:30:11.483 --> 00:30:13.483
just can't say enough.

00:30:12.980 --> 00:30:16.980
about how positive this has become

00:30:16.670 --> 00:30:23.670
for our community and for the for the disability community in general. So thank you to both of them.

00:30:26.368 --> 00:30:30.368
I think volunteering is going well and

00:30:30.365 --> 00:30:32.365

And so I

00:30:32.157 --> 00:30:36.157

I just want to thank everybody that has stepped up to serve.

00:30:36.589 --> 00:30:40.589

And Becca and Ashley and

00:30:41.474 --> 00:30:43.474

We have created like a really

00:30:43.151 --> 00:30:51.151

great team and it's been a good experience just on how we can continue to

00:30:51.414 --> 00:30:53.414

execute this because

00:30:53.479 --> 00:30:58.479

this event does require a lot of volunteers

00:30:59.218 --> 00:31:02.218

And different partnerships. So thank you all again.

00:31:08.148 --> 00:31:12.148

Thank you for that. Any more information about the expo?

00:31:15.459 --> 00:31:19.459

All right, we're ready for successes and other agency information.

00:31:20.142 --> 00:31:22.142

Who wants to go first?

00:31:33.129 --> 00:31:56.129

Hi, I'm Becca with Community Choices. I'll just sort of tag on to the conversation about the expo briefly to say that, Kim, you're absolutely correct. That afternoon time slot from about 2:30 on till the end of 4:30-5 at the end of the event, we do still need a few people, although we're doing quite well. There's one other area that we are still looking for a couple folks, and that's just one or two people that can support the accessibility table.

00:31:35.435 --> 00:31:37.435

Okay.

00:31:56.095 --> 00:32:21.095

For like the second half of the event. So I think between like 1230 and four, yes. The signup genius says that's reserved for Parkland OT students. I just heard, I need to change that because I just heard back from the Mike Weaver who who coordinates the OT students at Parkland and they have always for the past many years, always filled those spots. And he reached out just yesterday to say that they'd actually changed a few things

00:32:21.209 --> 00:32:24.209
this year and that they didn't have as many people.

00:32:24.343 --> 00:32:36.343
And so if you are someone or you know somebody, we are still looking for those spots and I will, I'll change that when I get back to the office and adjust it. But yeah, otherwise it's going really well.

00:32:35.775 --> 00:32:44.775
And yeah, to echo Shandra, I think we've got it down to a science at this point of getting volunteers. It's been going quite well.

00:32:44.814 --> 00:33:08.814
Over at Community Choices, things are also going really well. I don't know that it's a very specific success, but I just wanted to just share in general that we've been extremely busy. I think the last six months or so has been some of the busiest that the organization has been. We had 14 new members join in quarter one, which I have not gone back to review the data, but

00:33:09.178 --> 00:33:13.178
I'm pretty sure that that is a record for us. You know, we've had 10 before.

00:33:13.316 --> 00:33:19.316
And quarter two is really looking to be probably similar. We had

00:33:18.997 --> 00:33:24.997
I think just over 60 people at our family party that was just about a week ago.

00:33:25.116 --> 00:33:28.116
We're anticipating at least that many at our um

00:33:28.057 --> 00:33:31.057
our sort of holiday party that we do in early December.

00:33:30.553 --> 00:33:33.553
We've got new

00:33:33.816 --> 00:33:48.816
we've got new people coming into looking for SDA support through the waiver. We've got at least three people confirmed and we're talking with the ISCs about at least I think three other folks. So we're up to over 50 people that we provide that service for in the community.

00:33:48.770 --> 00:34:06.770
We also are still providing additional support for people who - in our Community Support department - who need sort of additional services. And I think there's one individual that we've worked with for, we've worked with her in various ways for a very long time. And some things changed in her life where her parents had to sort of back away.

00:34:07.067 --> 00:34:12.067

And weren't really able to provide the same sort of support. And the state guardian got involved.

00:34:12.568 --> 00:34:30.568

And at that point, we really stepped in and started providing a lot more services, which is really what we had hoped would happen with the community support department when we expanded it, that we would be a resource for people when parents weren't able to provide the supports that they maybe once were in terms of coordination, in terms of getting people to medical appointments.

00:34:30.963 --> 00:34:42.963

And just kind of managing all of those details. And so obviously there's still lots of support that can happen and we're still figuring a few things out. But it's been really exciting to see over the last

00:34:43.262 --> 00:34:45.262

I would say four to six months.

00:34:44.701 --> 00:35:08.701

how that program has really been able to do exactly what we had intended to do. It was always designed to be really flexible and very a la carte. And so the ways people used it has been, you know, we didn't always anticipate exactly what that would look like. But this was what we were really hoping it could be a resource for. And so it's really been great to kind of see that come to fruition. So in general, thanks are going well. We also have a new

00:35:09.511 --> 00:35:16.511

connect an employment person that started and it was very nice. We were able to get somebody hired and started within two weeks of somebody leaving, which was

00:35:17.213 --> 00:35:20.213

felt like a very big success on my part or just you know for

00:35:20.403 --> 00:35:22.403

the overall running of the organization so

00:35:22.462 --> 00:35:24.462

Does it?

00:35:36.028 --> 00:36:01.028

Good morning, Patty Walters from DSC, and I'm using my phone as a list today because I was out of the office most of last week and had some things that I wanted to make sure and mention. So just wanted to let you know that I've got a list that I created. First of all, thank you. Last month, DDB and MHB hosted the study session for advocates to come and present. And it was really nice to be here and hear that. And I know that they really enjoyed the opportunity to speak.

00:36:01.306 --> 00:36:21.306

Last year was the first time that you guys did that. And I felt like this year, the flow, the moderator, it was a really nice, nice event and just

wanted to acknowledge and recognize that. And I know that we've gotten a lot of feedback. Of course, Wendy is very excited about any future opportunities that she has and will definitely be utilizing her and some other forums.

00:36:20.915 --> 00:36:44.915

One of the things that got mentioned at that meeting was the CROW and the open house, the December holiday open house is scheduled for Sunday, December 8th from 11 to 5. So I wanted to make sure to share that. I know that there were some Star Wars fans and a couple other things that got mentioned. And so I know those items will be available and we're looking for a good crowd for that. It's always a fun time. Yesterday, there was an EI rally.

00:36:44.840 --> 00:37:09.840

for early intervention services. Bev Baker from United Way kind of emceed the event. It was very well attended. There were a few families that provided some testimony about the challenges that they're facing in accessing AI services and the intent is to rally the state to invest more into EI because there's waiting lists for services.

00:37:09.649 --> 00:37:20.649

And there's not enough providers. There's not enough therapists. And that starts with the developmental therapist all the way through the other disciplines of PT, OT, and speech. We have a really cohesive team and

00:37:21.761 --> 00:37:42.761

Heather is the person for our program that does screenings and she was on site. There was some media coverage I saw this morning, just a snippet from it. But it feels like it was a very successful, productive event. And I know that I believe there were representatives from Paul Faraci and Carol Ammons' offices also present. So hopefully it'll be kind of a

00:37:42.971 --> 00:38:05.971

a start to some momentum and not a one and done, but it was really well attended. So I wanted to mention that. The Speak Out Speak Up Summit was held last week. I think I shared last month that while a little disappointed that it was a 100% virtual event, we had, I think, 38 people participate, and I've got that in another

00:38:06.853 --> 00:38:31.853

35, 35 different people with eight staff supporting. Some individuals attended all three days, some just one or two, and the theme was Advocates Unite, and presentations from people across the advocates across the state included supportive decision making, ABLE accounts, using art for advocacy, and taking control of your own life so others don't. So really good topics for that.

00:38:32.609 --> 00:38:55.609

And that's always something everybody's really excited to participate in. We were glad to be able to facilitate that. And hopefully it'll be in person. We typically have a mix. We typically have some people that actually attend in person and really enjoy the social events and the evenings that go along with all the, just like any other conference that

we would attend. And then people that are still kind of committed to the virtual. So we facilitate both of those.

00:38:56.238 --> 00:39:12.238

And then next week we are hosting CQL. They come every three years. That's the Quality on Council. I mean, Quality and Leadership. They'll be with us Tuesday through Saturday and doing, not Saturday, Friday. They need to leave on Friday.

00:39:12.498 --> 00:39:21.498

But anyway, we've got focus groups that are going to be with frontline supervisors, DSPs, individuals, parents and guardians.

00:39:20.511 --> 00:39:31.511

What's really nice about being connected with CQL is it's more about quality of service. We have lots and lots of things that we do with the state standards and the kind of requirements.

00:39:31.920 --> 00:39:55.920

And then this is kind of above and beyond that to really focus on quality. And I appreciate especially just the kind of national experience and exposure that they have, because as we all know, Illinois is not the top of many things. So hearing what they're seeing in other states can really kind of help us drive decisions moving forward and focus on some things that maybe we don't have a lot of

00:39:56.612 --> 00:39:59.612

exposure to. So we are welcoming them next week

00:40:00.365 --> 00:40:02.365

So that's all out. Was there one more thing?

00:40:03.286 --> 00:40:05.286

I mentioned the CROW. Okay. All right. I think that's it.

00:40:05.052 --> 00:40:08.052

Thank you. Thank you.

00:40:09.926 --> 00:40:15.926

Hello, I'm LaShunda Hall from PACE Center for Independent Living.

00:40:15.621 --> 00:40:19.621

And I just wanted to report on

00:40:20.101 --> 00:40:23.101

the advisory meeting that we had last month

00:40:22.983 --> 00:40:30.983

where we talked about the ABLE account, we had someone come in from the state treasurer's office to speak to us about that

00:40:31.361 --> 00:40:33.361

We hosted

00:40:32.736 --> 00:40:35.736
that on September 24th.

00:40:36.058 --> 00:40:43.058
We also participated in Illinois Corner at the School of Social Work.

00:40:43.826 --> 00:40:49.826
to get exposure out there as well. We had our

00:40:52.770 --> 00:40:54.770
We had our

00:40:54.633 --> 00:40:57.633
I have it written down right here

00:40:58.884 --> 00:41:02.884
We had participated in the expungement summit

00:41:03.445 --> 00:41:07.445
And resource there at Stone Creek Church.

00:41:08.255 --> 00:41:11.255
We also had..

00:41:11.449 --> 00:41:15.449
Representative Carol Ammons come into our open house

00:41:15.817 --> 00:41:18.817
And she spoke to us about some things that

00:41:18.890 --> 00:41:21.890
We spoke to her about some things in the

00:41:21.953 --> 00:41:26.953
community that were of interest to us and she

00:41:26.638 --> 00:41:30.638
let us know that it's of interest to her as well.

00:41:31.196 --> 00:41:34.196
So we're getting support from the state as well.

00:41:34.835 --> 00:41:37.835
And I believe..

00:41:37.882 --> 00:41:39.882
There is dignity.

00:41:41.192 --> 00:41:43.192
Thank you for that.

00:41:47.559 --> 00:42:12.559
Okay, Becca, we'll let you come back. Thank you. I appreciate it. I was just looking in my bag and I saw my mail-in ballot that I need to drop

off at the end of the meeting. And it reminded me that I meant to share that we've been doing like a voting and sort of civic engagement class this fall. And so it's been meeting on Tuesdays and it actually ends on election day. And so we were able to, a couple of the people in the class were already registered

00:42:11.842 --> 00:42:36.842

to vote, we were able to get everybody else registered to vote. One of the participants came in yesterday and he had just gotten his voter registration card in the mail and he was very excited and he was just talking about like, I'm going to go vote today. And anyway, it's been a really great class. We've been able to welcome in a few sort of local area politicians and people involved in the political process to kind of share about

00:42:36.598 --> 00:42:49.598

Not only just kind of like the bigger offices that we're obviously going to be voting for here very soon, but actually some of the smaller ones that genuinely have a very larger impact sometimes on our day-to-day life here in this community.

00:42:49.813 --> 00:42:58.813

And so they were able to share both like what they do, like what that role is like, as well as just like what that process of like running for an office and being

00:42:59.411 --> 00:43:23.411

having constituents is like. And so it's been a really good class and we're hoping we can do it in the future too for future elections. And we've also been doing a cooking class in partnership with the Park District. They've been letting us use their lovely kitchen over at Phillips Rec Center. And we've been sort of doing a series of like, here are a lot like eight different things you can do with a rotisserie chicken, but very accessible form of protein that

00:43:22.739 --> 00:43:27.739

You know, it's easy to access and lots of tasty things you can do with it. So it's been going well.

00:43:29.307 --> 00:43:32.307

Thank you. Is there anyone else?

00:43:43.112 --> 00:43:46.112

I'm Angela Yost with the Regional Planning Commission.

00:43:46.308 --> 00:43:54.308

I just wanted to give a quick update on our Community Life Short-Term assistance program. That's the new program we have that provides

00:43:54.062 --> 00:43:57.062

direct funding to individuals

00:43:56.689 --> 00:44:01.689

for trips or other items that they might need.

00:44:02.383 --> 00:44:06.383

So with the end of quarter one, we've been able to

00:44:05.883 --> 00:44:11.883

get a bed for someone that we found out had been sleeping on their floor for

00:44:12.086 --> 00:44:16.086

about two years. We've been able to

00:44:16.217 --> 00:44:26.217

help someone get items for their new apartment. They've been in a nursing home for a while and just wanting to make their home feel

00:44:26.222 --> 00:44:28.222

more um

00:44:28.241 --> 00:44:34.241

more like their own place after not having their own personal space. So we were able to

00:44:34.230 --> 00:44:41.230

get things like a chair, a comfortable chair for her and

00:44:40.731 --> 00:44:44.731

a television and

00:44:45.489 --> 00:44:52.489

an iPad, those sorts of things, and just some little things to make it feel more like her own home.

00:44:52.047 --> 00:44:55.047

And we're

00:44:54.614 --> 00:44:57.614

have been working on a vacation

00:44:57.537 --> 00:45:02.537

And the individuals leave today for that.

00:45:02.998 --> 00:45:15.998

So hopefully we'll have an update on that. Well, we'll have an update on that at the next meeting. So just really, you know, the first quarter started out slower than we anticipated, but

00:45:16.311 --> 00:45:19.311

That's okay because we're figuring out the process.

00:45:19.188 --> 00:45:22.188

You know, learning some things that

00:45:21.939 --> 00:45:26.939

we can do differently to make the process better, more cohesive.

00:45:26.886 --> 00:45:32.886

And, you know, really figuring out how to make the program flow well.

00:45:33.442 --> 00:45:39.442

It's in its works and hoping that we will get more referrals soon.

00:45:42.764 --> 00:45:44.764

Thank you.

00:45:44.760 --> 00:45:46.760

Is there anyone else?

00:45:47.764 --> 00:45:52.764

Could I just ask a question of Angela? Is the vacation the honeymoon -

00:45:55.955 --> 00:46:01.955

So two people that they're supporting are taking their honeymoon. So I feel like that's extra special.

00:46:02.281 --> 00:46:05.281

Not just a regular vacation, but a honeymoon.

00:46:08.210 --> 00:46:10.210

brings a tear to my eye.

00:46:14.653 --> 00:46:17.653

Is there any county board input?

00:46:19.977 --> 00:46:21.977

Mental Health Board.

00:46:23.588 --> 00:46:27.588

The Mental Health Board will meet this evening. They have similar business. They also have

00:46:27.409 --> 00:46:33.409

a presentation from the Coalition Summer Youth Initiatives program

00:46:32.739 --> 00:46:35.739

you know that they'll show

00:46:36.164 --> 00:46:41.164

slides and talk about all the different classes and offerings they had this summer and

00:46:41.293 --> 00:46:46.293

successes and it's always a it's always a lot more like heartwarming than i expect

00:46:46.117 --> 00:46:56.117

like hearing what's actually happening in programs seems to be really positive. So that'll be a really nice presentation. And otherwise, it's a similar business to this one.

00:46:56.411 --> 00:46:58.411
there were

00:46:57.834 --> 00:47:00.834
on track so far with

00:47:01.279 --> 00:47:05.279
Bringing you both priorities to approve

00:47:05.484 --> 00:47:11.484
In November, fingers crossed, that will help us stand up the application system a little bit early.

00:47:13.919 --> 00:47:17.919
Thank you. Are there any board announcements?

00:47:24.045 --> 00:47:27.045
Well, thank you for a very productive

00:47:26.981 --> 00:47:31.981
meeting, good information, and I believe we are adjourned.
