

17:32:44 From Lynn Canfield : Welcome to the May 13, 2020 Study Session of the Champaign County Mental Health Board. If you are not a board member or staffperson, please sign in here in the Chat with your full name and agency affiliation (if any). There will be an opportunity for Public Participation early in the meeting and one for Agency Input toward the end. In order to provide input, please use the Raise Hand function - a staff person will be monitoring the participant list for raised hands so that we don't miss you. During board discussion, the Chair and members of the board may call on staff or members of the public/audience for input. Thank you so much for joining us this evening.
