

CHAMPAIGN COUNTY
RFP 2023-003 Case Management System Consultant

Response to Vendor Questions

Closing Date ~~June 20, 2023, at 10:00 a.m.~~ **June 28, 2023, at 12:00 p.m. (noon) CDT**

Question	Response
We request a two-week extension in your solicitation and access to the results of the question-and-answer period.	The submission deadline has been extended to June 28 at noon CDT. Please see the amended RFQ document on the website.
Number 7 page 5 mentions demonstrations, but as this is not to select a software but to choose a vendor to guide, would it be more appropriate to call this an oral presentation?	Yes.
Minimum qualifications – can we confirm they will evaluate both individual and corporate experience.	Yes.
Will they accept a reference for an individual versus a reference for the firm or both?	References for both would be preferred. If there is a reason to include references for only one or the other, please explain.
We have experience doing entire projects like this remote. What is the expectation of remote vs on-site?	On-site visits are expected.
Are they OK with representative staff resumes?	Yes.
Does the County have an expectation of when this portion of the project is to be completed (not including subsequent system selection projects that may come about as a result of the recommendations)?	Not at this time.
