41 is. Ms. Cowart asked what it meant for city where it says did not qualify. Mr. Cooper said all townships
42 have to be .02% of their net worth, and if the project doesn't meet that then they have to do it on their
43 own. He explained that Mahomet requested a box culvert, but the price of the box culvert didn't meet
44 the requirement for the County to help them.

48 and wanted to know if other companies get contracts also. Mr. Cooper answered yes depending on the
49 project and bid amount. Mr. Snider asked where the bridge is located. Mr. Cooper replied that it is about
50 5 miles north of Gifford. He also noted that the last few projects we've had with Stark have gone very
51 well.

58 under the engineer's estimate with Stark being the low bidder. He said they expect this project to be done
