Re: Closed Sessions Minutes Review for Highway & Transportation

Dear Ms. Cowart:

Pursuant to the Open Meetings Act, a public body such as the Highway & Transportation Committee must review its closed session minutes at least semi-annually. The Committee must then determine whether the need for confidentiality exists as to all or part of those minutes, or that the minutes or portions thereof no longer require confidential treatment, if so, the records would be available for public inspection. Therefore, the question is whether there is no longer a need to keep minutes closed in order to protect either the public interest or the privacy of an individual. Whichever conclusion that the Committee draws must be then be reported in open session.

Please note that the Committee may enter into closed session for the purpose of review of closed session minutes pursuant to 5 ILCS 120/2(c)(21): Discussion of minutes of meetings lawfully closed under the Act. Just as in open session, if the matter requires action by the Committee, the matter must have been noticed on the posted agenda.

The County Board passed Resolution No. 7969, "Resolution Establishing Procedures for Semi-Annual Review of Closed Session Minutes by the Champaign County Board" on November 17<sup>th</sup>, 2011. Under the parameters established by the full board in Resolution 7969, please see attached List for more information as to the minutes that are ripe for review.

Sincerely,

A handwritten signature in blue ink that reads "a.j. muller".

Andrew Muller
